

STEM

science • technology
engineering • math

This year, students will focus on a vast array of activities and lessons that involve how science and math relate to technology and the field of engineering. We will be utilizing our STEM Lab in order to allow students to engage in some super fun labs!

Join A Club!

There are some new and exciting things you can finally participate in, now that you are a Fifth Grader!

- WES News Crew
- Wildcat Chorus
- Beginning Band
- Sunshine State Reader's Book Club
- Student Council
- Safety Patrols

Field Trips!

Everyone knows that 5th Graders go on an AWESOME end-of-the-year field trip but there are a couple of others we hope to attend!

Want to Chaperone?

Please remember to update your ADDitions and volunteer information on the OCPS website in order to chaperone any field trips this year.

You even need to update this information if you'd like to eat lunch, at school, with your child.

Work Hard. Play Hard.

At the end of your 5th grade year, you'll be able to celebrate all of your wonderful accomplishments. The end of the year celebration is a time where you can let loose and have fun with your closest Wildcat friends.

There will be music, fun, food, and drinks! In 5th grade, if you work hard, you can play hard!

We've Got Spirit...

Students will be asked to purchase a 5th Grade T-Shirt for the 2016-2017 school year. This is different than a Waterford Spirit T-Shirt. This shirt will be used to show spirit for the grade level and to be worn on field trips. Designs and prices will be announced as soon as possible. We look forward to showing off how PROUD we are to be 5th graders!
